# What is Quran?

**The Holy Quran:** is the last and final word of Almighty God (Allah) to all mankind. It was revealed to Prophet Muhammad through Angel Gabriel.

*“We have sent the inspiration as We sent it to Noah and the Messengers after him; We sent inspiration to Abraham, Ismail, Isaac, Jacob, and the Tribes to Jesus, Job, Jonah, Aaron, and Solomon, and to David, We gave the Psalms” (Quran 4:163)*

# Scientific Facts

## **Embryology (embryo development)**

*Discovered in 18<sup>th</sup> century*

### **Month#1**

*baby consisting of two layers of cells from which all organs and body parts will develop.*

### **Month#2**

*baby is now about the size of a kidney bean and is constantly moving. He has distinct, slightly webbed fingers.*

### **Month#3**

## Video Clip

### ***Embryology (embryo development)***

*“We have created man from an extract of clay, Then We placed him as (a drop of) sperm in a place of rest firmly fixed, Thereafter We created the sperm a clot; then We created the clot a lump of flesh; then We created the lump of flesh bones; then We clothed the bones with flesh: thereafter We brought him forth as another creature. Blest then be Allah, the Best of creators” (Quran 23:12-14)*

# Scientific Facts

## **Water Cycle**

*Discovered in 17<sup>th</sup> century*

*The water cycle describes the continuous movement of water on, above and below the surface of the Earth*

*Simply, The Sun heats water in oceans and seas. Water evaporates as water vapor into the air. Air currents take the vapor up into the atmosphere where cooler temperatures cause it to condense into clouds. Cloud particles collide, grow, and fall out of the upper atmospheric layers as precipitation. Most precipitation falls back into the oceans or onto land as rain and some precipitation falls as snow or hail.*

## Video Clip

### *Water Cycle*

*“And We sent down from the heaven water in measure, and We caused it to settle in the earth; and verily to take it away We are Able. (18) Then We produced with it gardens of date-palms and vines for your benefit. For you there are many fruits in them, and of them you eat (19)” (Quran 23:18-19)*

*“And We sent forth winds carrying the clouds, then sent down water from the sky and gave it to you to drink, and you are not able to store it” (Quran 15:22)*

# Scientific Facts

## *The Expansion of the universe*

*Discovered in 17<sup>th</sup> century*

*Hubble (space telescope) building on results and measurements of astronomy; to conclude that almost all galaxies were flying away from the Milky Way. Once scientists understood that the universe was expanding, they immediately realized that it would have been smaller in the past. At some point in the past, the entire universe would have been a single point. This point, later called the big bang, was the beginning of the universe as we understand it today.*

## *The Expansion of the universe*

*“And the sky was built by Us with might; and indeed We are the expanders” (Quran 51:47)*

# Scientific Facts

## ***The Big Bang Theory***

*Discovered in 19<sup>th</sup> century*

*About 15 billion years ago a tremendous explosion started the expansion of the universe. This explosion is known as the Big Bang. At the point of this event all of the matter and energy of space was contained at one point.*

*This occurrence was not a conventional explosion but rather an event filling all of space with all of the particles of the embryonic universe rushing away from each other.*

## Video Clip

### *The Big Bang Theory*

*“Have not those who disbelieve known that the heavens and the earth were of one piece, then We parted them, and we made every living thing of water? Will they not then believe” (Quran 21:30)*

# Given to an unlettered person

*The Quran was given to a man, Muhammad, who could not read or write. Therefore, it is impossible for him to add or delete any single verse. In addition, it is so difficult to him to introduce some facts and expectations that found in The Quran.*

## ***Proof of Muhammad was unlettered :***

- His enemies during his life period never called him a liar, conversely, they called him the trustworthy.*

*All copies available (old copies, new copies) are identical. No single letter added or deleted.*

**Tashkent copy:** 1400 years old

**British Library:** 700 years old

**Madinah copy:** 20 years old

*“Verily We: It is We Who have sent down The Quran and surely, We will guard it from corruption”*  
**(Quran15:9)**

Quran was a challenge and remains a challenge for old Arabs who were known to be good poets and eloquent speakers and peak of eloquence and clarity. The challenge was to bring a single chapter like the Quran. they were not be able to produce one single verse. Indeed, till our day.

“And if ye are in doubt as to what We have revealed from time to time to Our servant, then produce a chapter like thereunto; and call your witnesses or helpers (if there are any) besides Allah, if your (doubts) are true” **Quran 2:23**
